ARTISTIC DENIM MILLS

Introducing

HYPERSTRETCH™
Ultimate Performance Denim

- ✓ 30% to 50% elasticity.
- ✓ Slimming effect & shape retention.
- ✓ Jeans will not sag, bag or lose shape even after repeated wear.
- ✓ Authentic denim look with performance features.

HyperStretch™ denim has 30% to 50% elasticity with shape retention properties required for performance apparel.

Jeans made with this revolutionary technology are extremely comfortable and will not sag, bag or lose shape even after repeated wear.

HyperStretch™ denim is made with stretch yarn twisted over polyester fibers as core and covered with cotton fibers. This unique yarn construction gives authentic denim look with performance features.

HyperStretch™ fabrics are available in ready stock, for yardages and further details please email at sales@admdenim.com
